

To whom it may concern:

Prof. Tom Meyer of Wordsower Ministries was able to present the "Hall of Faith" a combination of Hebrews 11 and parallel Old Testament passages to our Duluth Area chapter of the National Bible Bee dramatically from memory this past June. To hear God's Word shared from heart is always stimulating and provides great momentum to continue the discipline of memorization. The kids had opportunity to share in the life stories of the heroes of faith as they acted out bits of the scenarios with Tom, and all were challenged to move ahead in the discipline of scripture memory - memory by heart! Thank you Prof. Tom Meyer!
