To whom it may concern,

Tom Myers has served for the past 2 years as a speaker at our annual day camp for our community's children. Tom quoted chapters of the Bible while illustrating them with drama in a manner that we'll retained the interest of the children. It was a blessing to hear whole books of the Bible quoted in this unique and creative manner without human commentary. We are grateful for Tom's ministry of the Word that heralds the Truth to captivated audiences allowing God to speak to hearts and change lives. We recommend his ministry anywhere souls are poised to listen, and rejoice that they will hear the best possible message. God's wonderful Word.

Gratefully in Christ,

James S. Cunningham
Missionary Director
