Dear Tom,

Many thanks for addressing our "Answers in Genesis" tour group as we visited the Holy Land in April 2009. To a person, each of our 65 tour participants was amazed that you could recite the entire book of Revelation—all 22 chapters—from memory. We were also blessed by the fact that you exhibited tremendous passion as you gave your recitation.

When your travels take you near Cincinnati, Ohio, please pay us a visit (in northern Kentucky) and tour our high-tech Creation Museum—which is a "walk through the Bible" from Genesis to Revelation. We are located just 2 exits west of the major Cincinnati Airport.

May God continue to bless you in your future biblical studies as you proclaim the vital truth that Christ is our Creator, Savior, and Lord (Col. 1:15-20)!

Sincerely yours in Christ,
