

To whom it may concern:

On Sunday, November 28, Tom Meyer of Wordsower gave a dramatic recitation, from memory, of the entire New Testament book of Revelation. This presentation was to the Evangelical Free Church of Hamilton City, California in the morning service

The entire congregation was spellbound and deeply moved by this powerful presentation. Indeed, many have said this was one of the most important events in the life of our church.

I would urge any church able to arrange for Tom to come and speak the Holy Bible from memory, to do so. It will be a blessed event. I can only hope he will be able to return to our little church again.

In His service,

Dr. Elyot W. Johnson, Pastor
