Dear Friends of Shasta Bible College:

So often you who have faithfully supported the educational ministry of Shasta Bible College and Graduate School are not aware of how God is using our students during the summer months. For this reason I want to share a letter that recently crossed my desk from a pastor in Indiana. It concerns the summer ministry of Tom Meyer, who will begin his senior year here at SBC this fall. This summer, Tom, who lives in Illinois, has worked in his family's paving business during the week and has ministered each weekend in churches throughout Illinois, Indiana and Wisconsin.

Dear Dr. Nicholas:

*Thank you for sending me information on the ministry of Tom Meyer. He was used of God in a special way in our services this past Lord's Day. Our people were edified, encouraged, challenged and thrilled beyond words by the Holy Spirit as He used this dear brother in such a tremendous way. I would highly recommend this young man and his ministry to any church anywhere. The Word of God seems to be relegated to an inferior position in so many churches these days, but Tom focused our attention totally on the Word which refreshed our spirits. He represented the school (College) in a splendid way and you can be proud of him. God bless you and your co-workers in your work of faith and labor of love for the Master.*

*Unworthy but His*

*Pastor Fred Standridge*

Tom, who preaches, quotes and orally interprets books of the Old Testament from memory is also a gifted evangelist. He is one of the future Christian leaders being equipped for 21<sup>st</sup> Century ministry here at Shasta Bible College. I want to personally thank you for your faithful financial support that allows SBC to equip Tom and other like him for future Christian ministry.

Yours for the equipping of His servants,

David R. Nicholas, Th.D.  
President
