To Whom It May Concern:

Tom Meyer, a student at Jerusalem University College (JUC), in Jerusalem, Israel, has volunteered here at Jerusalem Elementary School once a week since September. He has a gift of being able to quote long passages of the Bible, even entire books, from memory. He has used this gift to teach Bible to our fifth and sixth graders.

The students are fascinated and hang onto every word. As he quotes the scripture, he stops to explain the meaning or answer questions when appropriate.

We have been very blessed to have Tom volunteer at our school.

Sincerely,

Miss Mary McPherson, Principal
Jerusalem Elementary School
