

Jerusalem Evangelistic Outreach

To whom it may concern:

Tom Meyer has volunteered doing evangelism in two of our children programs in the West Bank and has been very helpful for our ministry. We see his Wordsower ministry as speaking the Scriptures from memory and helping others memorize the Scriptures as a vital tool in expanding the kingdom of God in Israel and Palestine since we believe that only in declaring the word of God and applying it we can be light to others and attract many to know Jesus personally. Tom has shown commitment and effectiveness and also has been great as a friend to many of our evangelism team members; we appreciate his presence among us and we praise the Lord for his life.
