Dear Tom:

We cannot thank you enough for sharing the words of life to the congregation last Saturday. We can truly see what a beautiful gift our L-rd has given you in reciting His word from memory. I received many compliments from many in the congregation about how they were moved and touched.

I met with a new Jewish believer today and her comment was, "Has this man ever decided to recite the whole Bible on tape? I just loved his voice, and for the first time I was very inspired at the hearing of G-d's Word."

Tom, I am thankful the L-rd has put you in my life not only with the campaigns with Jews for Jesus, but what you did last Saturday truly reflects a heart that is in tune with the Holy Spirit. I commend you in sharing this gift with others.

I look forward to when we can host you again!

Blessings in Messiah,

Stephen J. Babkow
Messianic Rabbi
