"One Dynamic Church, Two Diverse Locations"

Hi Tom,

On Sunday August 16, 2009, Tom Meyer, of Wordsower Ministry presented at Canton Baptist Temple in Canton, OH in our evening service. After the service, he also presented in a young adult class in our church. Tom shared the Wordsower ministry by masterfully quoting large sections of scripture in a dramatic, engaging manner. First, he asked the audience to turn to Hebrews 11. He then clearly explained that he would read several verses of the chapter, and then quote the Old Testament narrative account of the person of faith mentioned in Hebrews 11. He followed this pattern through the narrative accounts of Enoch, Noah, Abraham, Moses, and Daniel. Our church family was truly blessed by God's word. Young and old alike were captivated by Tom's engaging presentation of Scripture. God uniquely ministered as Tom was able to look people in the eye as he spoke God's word to them. He made Scripture memory effortless and enjoyable to all.

From there, Tom challenged our church family to take up the discipline of Scripture memory. He stated how memorizing entire thoughts from Scripture is much more meaningful than simply memorizing a verse here or there. I know that his words did not fall on deaf ears, and I fully expect some of our people to take up the ministry of Scripture memory. Tom concluded the presentation by offering complimentary DVD's of Wordsower ministry and Scripture memory tips to our people. We were very impressed with Tom's professional conduct, excellent stage presence, his heart for sharing God's word, and his skill of clearly communicating God's word. We would love to bring Tom back to our church in the future!
